A Message Of Solidarity To Qalna

Eritrean Youth Renaissance\* (EYR) is very delighted to learn that you recently held successful inaugural ceremony and have founded QALNA - Eritrean Human Rights Group organization located in Toronto, Canada. EYR would like to congratulate you and extend this message of solidarity to all members of Qalna.

As you are aware, the human right abuse in Eritrea has worsened. Eritrean economy, political situation and the social fabric of our people have also continued to deteriorate. Due to erratic behavior of PFDJ government and its handling state affairs, Eritrea is facing a complete regional & international isolation. All in all it would be understatement to say Eritrea is heading towards a state of collapse. EYR main mission is to change this reality as expeditiously as possible.

EYR firmly believes the only way to save our people and Eritrea from this predicament is that we all work together in unison irrespective of our differences. In the spirit of unity, we hope you and us coordinate our strategy and future events for maximum impact.

We wish you the best of luck, rest assure that we are on your side and our support will always be there for you. We look forward to working together to bring constitutional government, freedom and justice in Eritrea.

Injustice 2 One Injustice 2 All Eritrean!!  
Our Voices And Action Will Liberate Our People!!

Warm Regards,

Eritrean Youth Renaissance (EYR)  
Washington DC.

\* Eritrean Youth Renaissance (EYR) is a youth based non for profit organization founded in early 2007 in Washington DC. EYR mission is to advocate for the rights of all Eritrean both at home and elsewhere. EYR encourages Eritrean youth to take the active role in bringing constitutional government and building a sustainable democracy in Eritrea.
