PETITION STATEMENT FROM CITIZENS AND FRIENDS OF ERITREA

We the undersigned, hereby state our profound concern about the mistreatment, cruelty, rapacity and incompetence visited upon the people of Eritrea by the current dictator and leaders of that country; and the flagrant disregard for human rights, religious freedom and the future of the country; and intentional disruption of harmony among countries of the Horn of Africa. We encourage and support establishment of a government of Eritrea that will initiate and support true democracy, without favor of any particular religious, ethnic, personal or geographic group or interest.
