

Which Group in Ethiopia are the Enemies of Eritrea and it's People?

Dr. T. A. Tadesse has an article posted at Meskerem.net that reads: **READING “ETHIOPIA’S HIDDEN AGENDAS...”** This article motivated me to write the following comments.

Comments:

1. Dr. Tadesse thinks we Eritreans are very divided. Well Eritrea is a multi-cultural and multi-ethnic Country. Eritrea is just another third world country. However, the majority of the Eritrean people have always been united against the external enemy, as far as I know.
2. Dr. Tadesse mentioned about the soccer he used to watch in Asmara. I know that he also used to go to the stadium in Addis Ababa to watch Shoa playing against Eritrea in the Zewudi Cup and Giorgis playing against Embasoira or Asmara for the club cup. Basically all Eritreans supported whichever team came from Asmara. Moreover, I used to watch most Tegarus supporting Eritrean Teams. Even in First World Countries such as UK, we all know the gangs of football. This has no political relevance, however. Even the American presidents have their favorite teams that are from their home state of origin and colleges they went to during their undergrad studies.
3. Dr. Tadesse wrote, **“Within the political discourse of the small nation of Eritrea, lurks the existence of an unbelievably numerous power centers.”** Well everything is relative. Can you give us another third world country that is better in ... than Eritrea? I do not know how close you are with Eritrean Organizations and their leaders. Many of us are working hard to make them UNITED. The fact that we have ENA dissolved and EDA born is a success to the Eritrean People. Though we have a long way to go we will eventually get there. By the way I am just wondering to know what your group is doing these days? Is there an Eritrean Organization that is willing to make a Unity or at least a United Front with you against whoever you think is your common enemy?
4. Dr. Tadesse asks us, **“I ask myself, almost daily, why can’t some of our compatriots see the danger of flirting with Weyane?”** **“Oh dear,** Can you tell us who is the friend of people such as the #1 Enemies of Eritrea in the Past, Now and the Future i.e. ex-members of MEISON, WEZLIGUE, TPDM, ECHAT, EDU and their off springs (the Ethiopian Opposition Organizations) that never accepted The right of our Country Eritrea to Independence?
5. Dr. Tadesse continues to ask us, **“... Or Isaías, for that matter? Is it that hard to understand that Isaías is destroying our nation and undoing our unity?”** Dear Dr., I would like to inform you that many of the People in the Eritrean Opposition used to teach the true picture of Isaías long time ago. These people who never got the opportunity like you and even myself (their genuine supporter) to be where we are; are still fighting for the Unity, Democracy and the Emancipation of our people from your ex-friend Isaías Afeworki, his ruthless thugs the PFDJ losers. Hence, let’s talk to them to heal their pain and help them lead us to our Capital Asmara. By this I mean Asmara Eritrea free of Deki ..., who have identity crisis?

6. Moreover, those who never understood Isaias i.e., for they were **Deki-Gerhi Liba** have already started to runaway from him for they finally have found out who this thug is destroying our homeland. By the way there will always be some losers out there who will be dreaming of Isaias after we dismantle him and his PFDJ.
7. Brother Dr. Taddesse informs us: **“I just finished reading an interesting article entitled, “Ethiopia’s Betrayal and Hidden Agendas towards Somalia,” written by Dr. Abdi Aden Mohamed. The article is available at: www.ethioindex.com/medrek2/viewtopic.php?t=10438. “** I do not know about others, as to me I have read this article and have concluded that this does not apply to my Eritrea.

Conclusions: What we need to do and need to know is:

1. Work on uniting the EDA its leadership and Meseretat.
2. Work on healing of the wounds we have among each other.
3. Work on inviting all organizations outside EDA to EDA.
4. Study and evaluate our past mistakes and prepare for what is coming to us in the future.
5. Study our enemies within and outside Eritrea
6. Start to respect the rights of Minorities such as the Afar and Kunama People’s genuine rights in Eritrea.
7. Know that Eritrea is not Somalia, Israel, Singapore ... and so on (All that nonsense). But still Eritrea is Great.

God Bless Eritrea.
