

**We have betrayed our over 65,000 Martyrs**  
**and those languishing in prisons.**

**Dr: Mr. / Mrs:** -----

It is quite clear to every Eritrean that the Eritrean independence in 1991 was only achieved through the sacrifice of over 65,000.0 of our martyrs, and enormous contributions of materials and resources. And yet, before the Eritrean people had the chance to enjoy even a single day of real independence, political power was defiantly snatched away by the cardinal of sin, Esayas Afeworki.

Ever since, he has been an iron fisted murderer, an unsurpassed dictator by all measures. The country has become a void, without functioning government structures, without a constitution, and with no viable economy. It has also become a human rights catastrophe, with large numbers of Eritreans systematically driven out of their country, killed, or thrown into one of approximately 362 jail houses or underground silos. Such prisons are the only industry that Eritrea is now known for.

And despite all of these continuing, ever increasing problems, there have been few serious challenges to the very toxic system of governance of the merciless dictator. When the superhero, Bitewoded Abraha, defiantly rejected the heinous dictator's devilish orders, he knew well that extreme torture in a hellish prison, and ultimately death itself, would likely follow. That is real heroism. By his actions, Bitewoded was hopeful that the Deleyti Fetehi Eritreans, in the Diaspora, would follow his lead. But we miserably betrayed him. And we continued to fail in subsequent efforts by the G-15, Wedi Ali, the Reverend Haji Musa, and lastly, the most gallant Berhane Abrehe. Mr. Abrehe condemned the dictator from Asmara, and yet we failed to rise to the occasion.

Now it is time for all of us, to say "Enough is enough!" We must join together with vibrant forces, destined for action, by signing the attached membership Form, so we can continue to build the momentum to achieve real change, in Eritrea !!

Thanking you in advance,

Eritreans for fundamental change in Eritrea
