

The Eritrean Community Has Lost an Angel

Kidane Taganye

1944-2020

On May 18, 2020, the Eritrean community in Toronto, Ontario lost a symbolic legend.

A man who never let religion, race or any tribal difference get in the way of anything he did.

The man who was a walking angel, very kind, humble and sweet.

Whose voice was so gentle and face filled with light.

The man who never missed any occasion, who was with us during our happiest moments and saddest moments.

My beloved friend was a man who did it all. Without any hesitation he was there to support, love and mourn with us all.

Unfortunately his sudden death took him away before we could do half of what he did.

Kidane Taganye (Aba-defin) left us too soon. He will forever be missed but never forgotten. May God bless his soul and receive him.
