

You have lost the plot!

when you shoot dead a child who could barely walk; when you wantonly rape underage girls as if you have no sisters and/or daughters of your own; when you kill civilians as if they have no right to live; when you kill aid workers and paramedics out to save lives, including your own if haplessly you suffered injuries; when you loot and destroy properties when you furiously defend your own; what is going on in your mind; what is the ultimate aim you have designed in your mind? You have lost the plot; if there was one in the first place. You are despicable rotten to the core!

When you deploy an aircraft with the sole intension to bomb a market place and kill and mangle anything that moves; who in the right mind did you think would applaud, not even those who back up in your adventures could raise their arms to congratulate mission accomplished! They know it will come to haunt.

You create enemies around the world and hasten your end; people couldn't wait to see your downfall. Whatever you intended, evil as it us. will not see the daylight.

But how is it that the people you are surrounded justify such acts and give you the space and resources to scotch freely operate amid their midst?

And why all the lies and blatant denials of crimes committed; when it is as clear as a blue sky that you are the culprit? Who do you think you are fooling?

There was an Eritrean low lander; a nomad; whose village was raided by the Ethiopian army in 1979. The army told men and women to separate, with no age distinction all the same. In desperation, knowing what would happen he decided to go inside to dress up his wife's cloth and hoped to pass as one. When the army inspected he noticed the the person had an Adams Apple and asked him if he was a man or woman, the man retorted he was a woman. The soldier then requested him to flip over his dress to check. When he did under duress, there it was - the evidence. The soldier slapped the poor thing: "what is this thing dangling from your groin?" Shouting in anger! The man shrinking low, replied " We Alahi, (in the name of Alah: ወላ ሂ ዘ ይሕጂ ኣ ይሬኣ ኹዋን) I have never seen it before that I have this thingamajig dangling!"

But it did save his life, the soldier dragged him to where the men were waiting their fate; shortly all were she were summarily and brutally executed through no fault having the thingamabobs nor commuting any crime other than being an Eritreans; expect the one character of interest was trying to deny the undeniable; that he was a woman in a wrong place at a wrong time. Tempus fugit, paradoxically the Eritreans who were the victims of brutality at the hands of the Amhara rulers have now turned barbarians just doing the same or even worse to please their old masters by offering the lives of Tigreans as douceurs to reconcile so to pick any crumb the Amhara warlords left behind. Right from the start Isayas and his cohorts had no intention of liberating Eritrea and empower the people with fairness and justice. They were comfortable running from one mountain to another, they were and still are brigands comfortable and happy to continue running from one mountain to another, raping, looting and oppressing not only the enemy but their own people. When liberation became inevitable due to many factors including the inept and mindless hatred of Amharas to wipe out anyone Tigrian, Isayas and his cohorts were compelled to March to the cities and no sooner started fomenting one conflict after another to deny the Eritrean people a peace of mind and stability.

Forget democracy, rule of law, they set up open and covert Mafia organisations trafficking human and illicit drugs through out the world just as they did when they were in Shabel/ ሳሕል ridges and valleys.

To come back to the story of the lowlander mentioned above, the Amhara invaders are now denying the undeniable. But before the spits coming out from their mouths telling lies hit the ground and dry, their lies are exposed for everyone to see. They will not get away, run smock from facing facts of atrocities they perpetuated from the get go with the audacity that they will fool the world, as they fooled themselves. They will not.
